

SereneSpace User Manual

Welcome to SereneSpace: Mental Health Check-in & Support. This manual will guide you through the features of your privacy-first mental wellness companion.

Getting Started

1. **Install:** Install the SereneSpace APK on your Android device (Requires Android 8.0 or above).
2. **Splash Screen:** Upon opening, you will be greeted by the SereneSpace logo for a few moments before entering the app.
3. **Language:** By default, the app uses your system language. You can change the app language at any time from the Settings screen.

Daily Mood Check-in

- **Log Your Mood:** On the Home screen, select an emoji that best represents how you are feeling (Happy, Neutral, Sad, Anxious, or Angry).
- **Add a Note:** Optionally, type a short note about why you feel that way.
- **Save:** Tap "Save Check-in". A confirmation message will appear.
- **Smart Suggestions:** If you select Sad, Anxious, or Angry, the app will display a helpful suggestion card encouraging you to try a breathing exercise or write in your journal.
- **View History:** Tap "View Mood History" to see a chronological list of all your past check-ins with dates and notes.

Guided Breathing

- **Access:** Tap "Guided Breathing" on the Home screen.
- **4-7-8 Technique:** This screen guides you through the 4-7-8 breathing method, scientifically proven to reduce anxiety.
- **Animation:** Watch the circle expand as you **Inhale (4 seconds)**, stay large as you **Hold (7 seconds)**, and contract as you **Exhale (8 seconds)**. The circle changes color for each phase.
- **Start/Stop:** Tap the button at the bottom to begin or end your session.

Private Journal

- **Access:** Tap "Write Private Journal" on the Home screen.
- **Mood Tagging:** Select a mood tag (Reflective, Grateful, Anxious, Sad, Happy) for your entry.
- **Write:** Type your thoughts in the text box.

- **Encryption:** When you tap "Save Encrypted Entry ", your text is immediately encrypted using AES encryption and stored locally.
- **Read Past Journals:** Tap "Read Past Journals" to view your previous entries. The app decrypts them instantly for you to read.

Crisis Support

- **Access:** Tap the red "Crisis Support" button on the Home screen.
- **Immediate Help:** This screen provides one-tap access to emergency hotlines (e.g., 988) and crisis chat links.
- **Safety Plan Builder:** Tap "Build Your Safety Plan" to create a personalized crisis management plan. You can fill in your warning signs, coping strategies, and emergency contacts. This plan is saved locally for quick access during tough times.

Settings

Access the Settings screen by tapping the **Gear Icon** on the top right of the Home screen.

- **Dark Mode:** Toggle the switch to turn Dark Mode on or off for comfortable reading in low light.
- **App Language:** Tap the dropdown menu to change the app's language instantly (Supports English, Urdu, Turkish, Arabic and more). The app will refresh automatically.
- **Daily Reminders:** Toggle the switch to receive daily notifications reminding you to log your mood.
